

We the citizens of Australia DEMAND a proper investigation that is a FULL Royal Commission, as an inquiry is clearly only a whitewash for the government to protect its own interests. The evil that the governments (Commonwealth and States) of Australia put Australians through over the last three years is shocking and disturbing and we will never forgive or forget the vaccine mandates, mask mandates, lockdowns and Australian businesses suffering to the point of closure.

We need to expose and get answers to the secret and corrupt vaccines and receive truthful information about the secret contracts with manufacturers.

We require answers for the illegal vaccine mandates which forced and coerced workers and communities to take these injections when the truth was that the vaccines did not block transmission at all, never did and they knew it. Government and media misinformation, lies and propaganda about these vaccines being safe and effective was anything but honest. We DEMAND the truth about the fear campaign that our governments pushed on all Australians.

We DEMAND that the vaccine injuries and vaccine deaths to our fellow Australians be exposed. Let the truth be told. When it's criminal to report crime, you are ruled by criminals.

Why did AHPRA and ATAGI silence our doctors and why did our government allow these organisations/bureaucrat bodies to get away with this censorship and oppression of doctors.

Nuremburg 2.0 we DEMAND the truth not more government whitewash from an inquiry but a FULL Royal Commission.
