Dear Sir/Madam,

**REQUEST FOR ROYAL COMMISSION INTO AUSTRALIAN GOVERNMENT AND HEALTH REGULATORY  
COVID IN HANDLING OF THE COVID PANDEMIC**

I am writing to request a proper Royal Commission for a thorough investigation into; corrupt vaccine procurement and secret contracts; mask mandates; lock downs; vaccine mandates, official misinformation and lies in the media regarding the ability of vaccines to block transmission, vaccine injuries; media censorship, and silencing of doctors.

The role of AHPRA and ATAGI in censorship and oppression of doctors, and the poor treatment of victims should be questioned. As to why other alternate methods (such as that of Prof. Ian Butterhope) to handle the COVID pandemic was not even considered and totally brushed aside.

I request a full investigation to the people who have suffered adverse effects and many of died from the COVID jab. The recent whistle blower from NZ is releasing actual data of people who have died from the COVID jab should be analysed and similar analysis of Australian data is paramount. These victims should be fully compensated.

It is in my view that this inquiry is clearly a deliberate attempt by the government to cover its butt and seem to be doing something for the people of Australia on this matter of COVID. There is no sincerity of wanting to make sure the truth and the handling on this pandemic be made known as this inquiry is intended to be a complete whitewash. So, nothing short of a Royal Commission is needed to uncover the TRUTH on this subject matter.

Yours sincerely,
