

I am demanding that a proper Royal Commission be instituted for a proper investigation into:

- corrupt vaccine procurement and secret contracts;
- mask mandates;
- lock downs;
- vaccine mandates,
- official misinformation and lies in the media regarding the ability of vaccines to block transmission,
- vaccine injuries;
- media censorship,
- silencing of doctors,
- the role of AHPRA and ATAGI in censorship and oppression of doctors,
- the poor treatment of victims.

This inquiry is a whitewash. That is as plain as day.

The Government promised a Royal Commission and I demand that it keep this promise.

The COVID response cost both my wife and I our jobs, our children were unable to go to University even after they reopened. We suffered financially and emotionally as a result of the atrocious response by Government (State and Federal) and we want a Royal Commission that will fully explore what happened.

This must never happen again!
