

I, [REDACTED], do request a **full Royal Commission** investigation into:-

1. Mask wearing and lockdowns.
2. Losing jobs if were not covid 19 injected.
3. Unable to get exemptions from doctors, where person was already immuno-compromised.
4. Constant media, professional and Government input into relentless advertising of “safe and effective” Covid 19 injections.
5. How many Covid 19 injections adverse reactions, injuries and deaths over the last 3 years in Australia.
6. Why did they ban Ivermectin and hydroxychloroquine to the public during Covid 19.
7. Why was the PCR test used that was never invented to detect virus’s or disease.
8. The complete ignoring of the organic immune system during Covid 19 virus.
9. Secret contracts with vaccine manufacturers.
10. What is the payment a doctor receives and has received over the last 3 years for injecting Covid 19 poison into one arm.
11. Conflicts of interest – TGA being funded by the pharmaceutical industry.
12. The continuation of no jab no job in many parts of Australia till this day.
13. Why with so much evidence reluctantly given by Pfizer, and all the many pages of adverse reactions, that still the Covid 19 injections are being given to this day in Australia, and the Government, the health professionals and the chemists have kept quiet and have not stopped these injections.
14. Why are the statistics on the adverse reactions and deaths from Covid 19 injections not in the public arena for all to see?
15. Why are these injections still being given when Pfizer came out and said that the covid 19 injection will not stop transmission, and that Pfizer never even tested for it?
16. Why is the Government not putting a stop to these toxic injections?
