

I would like to give a few details about my own experience related to the vaccines. I lost my job due to the mandatory requirements. I asked several doctors for an exemption due to ill health and religious reasons. No doctor would grant me an exemption. My employer would not grant me leave without pay and I never got my job back.

When the mRNA vaccines became available, I did some research into published scientific papers and was shocked to find that every single paper recommended further research was needed to establish safety. I rang the then 'Hotline' to ask several questions about the vaccine, such as when it left the body, however, none of my queries were able to be answered, not even by the doctors.

I then learned how to use the VAERS database to run queries. I could not believe the number and nature of serious injuries and death as a result of the mRNA vaccines. I spoke to my doctor about vaccine related harms, but he didn't know about the VAERS system and was adamant that the vaccines were "safe and effective". How we now know this is untrue.

There is mounting evidence of covid vaccine harm, yet governments continue to push more covid injections. This is madness and must be addressed immediately.

It appears that governments around the world are in lockstep, choosing to remain blind to genuine scientific evidence of massive vaccine harm, just as they are choosing to remain wilfully ignorant to authentic evidence showing a corporate takeover of the world that is entangled with the vaccine rollout.

The fact that there is an elaborate conspiracy against the people of the world can no longer be denied. Multiple UN and WEF documents revealing this agenda are readily available. The evidence below shows the sinister aim to convert the human body into some sort of transmitter of data for the establishment of a new asset class. Multiple patents are also available for this.

It is clear to the people that global powers have conspired to control us. This agenda is no longer theory. We have been severely deceived, and we realise this is painful to admit. Yet this admission is essential if we want to end the road to ruin.

Impact slavery <https://winteroak.org.uk/impact-slavery/>

Far too many crimes were committed. We can never again mandate another medical treatment, and for this reason we must oppose the WHO pandemic treaty and IHR amendments. Media must not censor debate or label opposing experts' views as "conspiracy theories". Doctors must be able to have individual patient relationships. Vaccine manufacturers must not do secret deals with government and have liability immunity. All mRNA experimentation must be aborted. Gene experimentation is unethical and nobody has the right to play with the code of life. This includes shutting down CSIRO synthetic biology applications that are being fast-tracked on our food, human health and agriculture. There must be a royal commission into the Covid-19 response. In fact, I would like to see a Nuremburg 2 on this matter.

We must break the illusions we are under, or we stand to lose everything. Our homes, our family, our farms, our health, our rights, our liberty, our country, our humanity, our truth, our God. We must not tread this path a moment longer. Exit the UN, the WEF and the WHO immediately.

It is the midnight hour and only truth can save us from further experimentation on people and totalitarian technocratic horrors. We say NO MORE. You must stop the rollout of Digital IDs, CBDCs, biometric mass surveillance, 5G, smart cities, climate change hysteria, corporate propaganda and medical tyranny. The alternative is unimaginable.

Yours sincerely
