

Covid Inquiry Submission

I am an ordinary citizen writing to make a submission regarding the Covid Inquiry.

This Inquiry in my view is nothing more than an exercise in window dressing which will never get to the heart and soul of why the Australian Public were ever subjected to the monstrous over-reach by Federal and State Governments. No doubt that is the intention, a toothless inquiry that glosses over the real things that matter.

I notice that it excludes vaccine mandates, state border closures, lockdowns, quarantine and check in rules -from its terms of reference.

What I would like to see is a full blown, comprehensive Royal Commission that will provide for prosecution of individuals that have lied and deceived the Australian Public.

I would like a Royal Commission that would scrutinize every facet of the whole bizarre dictatorial regime that the Australian Public was subject to that includes:

- What contracts the Australian Government signed with Pfizer, Moderna, AstraZeneca etc
- Why rushed and experimental vaccines were hoisted upon the public and not existing medicines such as Hydroxychloroquine, Ivermectin, Budesonide etc, which indeed were actively banned both from use and from speech.
- Why the media were constantly telling us about the number of cases of the so-called corona virus without any details. Fear campaign in other words and why this was actively promoted by State and Federal Governments
- The average death of a so called covid case was 82 with about 4 co-morbidities and why this was not disclosed to the public
- Why vaccination was compulsory across almost every sector of the community. In other words, you lost your job if you did not comply.
- Why those who were not vaccinated were vilified as though they were criminals. This was done at all levels of Government, especially State Governments
- Why was it called the disease of the unvaccinated when this was not true
- How is it that the virus has never been isolated anywhere in the world
- Where did social distancing come from? No science
- Why masks were introduced? No science
- Investigation of the role of the TGA and why it allowed a gene-based vaccine without investigation from the body that approves GMO's
- Investigation of APHRA and its heavy-handed treatment of doctors who did not agree with its doctrine
- Investigation of the so-called modelling people which all the actions of government were based upon and the national plan for the outbreak of an influenza pandemic were thrown out the window
- Investigation into the Public Health Officials both Federal and State and their role and what were the factors and science that influenced them
- Investigate the Commonwealth and State Health Ministers and the factors and science that influenced them in foisting this so called pandemic response and in the finish virtually incarcerating the population.
- Investigate why prison like facilities have been built around the country as so-called quarantine facilities that are now empty and the factors and science around that.

- Investigation into State Border closures
- Investigation into lockdowns
- Investigation into quarantine and check in rules
- Investigation into the number of small businesses that lost their livelihood
- Investigation into why brothels, and big business such as Bunnings, Dan Murphy (bottle shops) could stay open

But lastly, an investigation into the excessive number of deaths and injuries that have occurred since the vaccination roll out has occurred. We have seen recently;

- a 973% increase in heart failure just amongst aircrew in the US Military.
- [REDACTED] They deliberately exposed the public to this risk and now face murder and serious bodily harm.
- House of Representatives in the Philippines voted to investigate over 260,000 post vaccines unexplained deaths.
- The whistleblower in New Zealand revealing the horrendous death count from various batches of the vaccines in that country

BATCH ID	TOTAL VACCINATED	DEATH COUNT	RATIO PERCENTAGE
1	711	152	21.38%
8	221	38	17.19%
3	310	48	15.48%
4	364	37	10.16%
6	1006	101	10.04%
2	1018	98	9.63%
7	38	3	7.89%
72	5882	278	4.73%
62	18173	831	4.57%
71	11019	498	4.52%

- Senator [REDACTED] trying to get answers from the regulatory bodies in Australia regarding the excessive death count and injuries since the vaccines were mandated.

Conclusion

Whichever way you look at this, it is the biggest scam and deception that has ever been perpetrated on the Australian population by people in very senior positions of government. The arrogance of the bureaucracies that think they have all of the answers and impose totalitarian type controls on the population with little basis in science and if it is questioned you are labelled as “anti vacs” or a purveyor of misinformation or the good old chestnut of “conspiracy theorist”.

I know that my submission will have no impact whatever in regards to changing the terms of reference of this so-called inquiry but at least if there are a good number of submissions it might convey to the government the depth of feelings of how we felt we were treated.

There needs to be a full blown, no holds barred, comprehensive, uncut version of a royal commission with powers to prosecute all those who knowingly misled the Australian people.
