

Given the excessively short period that this Response Inquiry process is open; there is not sufficient time to complete a comprehensive submission.

I expect that my comments will be received as my submission. There is certainly sufficient evidence so support a Royal Commission.

I request a Royal Commission for an investigation into:

- [REDACTED]

- mask mandates
- lock downs
- vaccine mandates
- official misinformation in the media regarding the ability of vaccines to block transmission
- vilification of the unvaccinated by the media
- vaccine injuries
- media censorship
- silencing of doctors
- the role of AHPRA and ATAGI in censorship & [REDACTED] of doctors
- and, the poor treatment of victims of vaccine injuries
