Dear Prime Minister of Australia

Thank you for the opportunity to request a Royal Commission into the handling of Covid-19 across the whole of Australia.

- The Royal Commission in Australia needs to be independently run allowing for TRUTH to be told by people giving evidence.
- The Royal Commission into Covid-19 needs to be aired on television or YouTube (for example) to allow people to witness the proceedings.
- Evidence can't not be surprised as it has during this whole charade.
- Guilty persons need to have the full force of the law thrown at them and they need to be charged with War Crimes and Treason.
- Compensation for families who lost loved ones. Compensation for everyone whose body has been altered due to the test injection. Compensation for people who left work due to mandates. Compensation for people forced out of their jobs. Compensation for stress caused by the uncertainty of the period due to the false narrative told by the governments. Compensation for children who missed a year of schooling.
- The Royal Commission needs to set up a framework so this does NOT happen again! The people need their power back and the government needs to know the people hold the power, not the other way around.

I look forward to the Australian Royal Commission to be undertaken immediately and in the public arena for everyone to see how it is run. No more lies! No more behind closed doors decisions. Australia deserves to see and hear what's really going on.

Kind regards
