RE: COVID-19 Response Inquiry

Dear Sir/Madam,

Thank you for inviting public comment on the COVID-19 Response.

My name is [REDACTED] and I have suffered immensely due to totally mismanaged response to COVID-19.

I strongly urge everyone in this Inquiry Panel to consider immediate request for a full Royal Commission for a proper investigation into:

1. Vaccine procurement and secret vaccine contracts
2. Vaccine mandates
3. Vaccine injuries
4. Mask mandates and lockdowns
5. Government misinformation in the media regarding the ability of vaccines to block infection and transmission along with denial of vaccine injuries and gaslighting of the injured
6. The AHPRA lack of due diligence on safety, their silence on undeniable harm of the vaccine and their action along with ATAGI to silence the Medical Profession.

Who decided to do the opposite of the 2019 Australian Health Management Plan for Pandemic Influenza, which prophetically described why all of the actions the Government did take would not work and would cause hardship?

We the people of Commonwealth of Australia need answers, not a whitewash COVID-19 Response Inquiry!

I urge everyone in this panel to follow <https://www.internationalcovidsummit.com> and take immediate action for TRUTH in regards COVID-19!

The INTERNATIONAL COVID SUMMIT was created for doctors, lawyers and professionals from all over the world to unite and discuss their experiences with COVID-19. This is an uncensored and safe haven where they are able to gather, share, discuss and analyze their findings in order to find safe and effective treatments for Covid-19 and all of the complications that surrounds it. These medical professionals sacrifice everything and work tirelessly to help put an end to this pandemic. The sharing of the data and research from around the world is instrumental in finding effective treatments for Covid-19 and it is pivotal in getting us all back together safely again.

If you truly care for this nation, please stand for justice!

I personally suffered immense loss, medical negligence/or lack of specialist treatments, restrictions to be at my father's funeral and to be with my mother during difficult times for her and much more that left me with a lot of trauma to heal.

I pray that you stand for justice and help this nation to never ever suffer again the disaster in the name of protecting against a mere flu...

Sincerely,
