

A Royal Commission investigation into the governments handling of covid is the only possible way to get to the bottom of what happened.

This must cover and not limited too.

- **Explain the use of behavioural insights teams within government.**
- **What tactics did they use**
- **Did the above BI teams targeting an already vulnerable section of the community to increase suicide like the incident below and many others.**

- **Corrupt vaccine procurement and secret contracts;**
mask mandates;
lock downs;
- **vaccine mandates,**
- **official misinformation and lies in the media regarding the ability of vaccines to block transmission,**
- **vaccine injuries;**
- **media censorship, silencing of doctors,**
- **the role of AHPRA and ATAGI in censorship and oppression of doctors, and the poor treatment of victims.**

Only a Royal Commission can deliver the answers for this, there is no moving forward as a community until we receive answers
