COVID-19 Response Inquiry Taskforce

The following information is from a notebook I have written called *Toward Absolute Truth and Integrity*. If this is deemed unsuitable because it doesn't specifically focus on the response to the COVID-19 pandemic, I will forward it to the National Anti-Corruption Commission.

1. 2016/2017 WHO-COVID Agreement

Details of the World Health Organisation COVID/Biometric Digital ID Pass System plan were 'dropped' into the internet in 2021. [REDACTED]

This plan was actioned in 2016/2017 by the WHO. [REDACTED]
[REDACTED] the Public Health Department will be planning to vaccinate 95% of the Australian population, gather up all our DNA and hook us all up to a Biometric Digital ID Pass System. With all that personal data to be handed over to the WHO.

It was signed off in 2018. It's set for completion in 2023. Which means none of us will be allowed out of our homes until every single one of us has been poisoned. It's part of the International Health Regulations (IHR) agreement that was signed in 2005 that activated the "pan-corona" measures. The IHR is a Public Private Partnership deal with 196 nations that agree to ensure that International Trade and Commerce traffic is not disrupted during a WHO declared emergency.

This is why we are locked in our homes. It's to keep us out of Mr Globalist's way. It looks like the IHR has been hijacked and corrupted by the Globalists and is why we are being driven into the ground by unlawful activity and stealth. It's being used as a Weapon of Mass Destruction using a pen.

All the people need to demand [REDACTED] immediately withdraw from the IHR agreement and Corona will cease to exist for Australia. The Corona pandemic was declared to facilitate the nations to implement their National Action Plan for Health Security (NAPHS) plan, that's all. There is no real pandemic. It is simple treason.

Note: Minor grammatical edits were made to the aforementioned allegations.

2. Evidence That Governments Were Incentivised to Record COVID Deaths

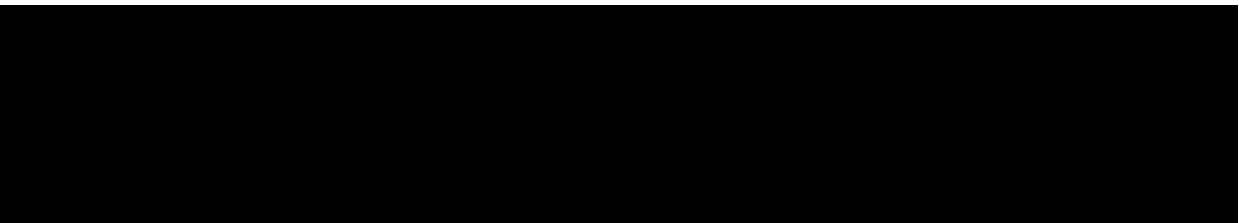

In May, 2023, a video discussion featured an unnamed journalist who exposed a COVID death 'payment schedule' signed by the Caribbean governments and many other governments around the world. He also explained why the vaccine mandates held such weight for implicated governments and why so many death certificates fraudulently listed COVID as the cause of death.

Key Discussion Points

- The journalist refers to various payments listed on page 8 of the document:
 - 250 deaths - \$56M

- 750 deaths - \$112M
- 2500 deaths - \$195M
- Trinidad allegedly claimed 2500 deaths and received almost \$200M.
- Governments were incentivised to record deaths. The global powers designed a system that would incentivise governments to look for and report deaths. These numbers help to feed the fear and this fear helps to increase compliance.
- Global powers also moved finance from its purpose of serving society as a medium of exchange, to being a weapon that will be used by globalist powers to manage a country - strangle a country if it needs to - and to bring these countries into a system of control where if they don't do as they are told, they will manipulate the monetary system and cause them to suffer significantly and push them out of power so they can bring in their friends. Whoever is favourable to the global powers will be elected.
- Jamaica is on a mission to stop all of this.

3. Genetic Bioweapons Industry – Why Future Pandemics Are Preventable

The following notes are from an August 2021 interview with [REDACTED] Founding and Senior Pastor of Rapha Revival Ministries, Trinidad. He reveals many disturbing facts about the covert bioweapons arms race and COVID-19:

- [REDACTED] is an international law expert and genetic bioweapons expert. In 1989, he framed the anti-terrorism act called the Bioweapons Anti-Terrorism Act which was signed into law in 1990.
- In February 2020, [REDACTED] said that SARS COVID 2 is an offensive biological warfare agent made in a lab and engineered with gain of function properties. He has come to the conclusion that SARS COVID 2 is tripartite chimera and is composed of the original SARS virus which is already weaponised.
- It was enhanced by gain of function properties. They were then genetically recombined with an HIV virus that causes AIDS. Gain of function means genetically engineered to be more lethal, more virulent, more infectious and to mutate or adapt more readily with slight increases in immune selection pressure from the population. It's also called accelerated viral evolution. Viruses don't jump from animals to humans.
- Research at the Australian Animal Research lab was funded by the Chinese Ministry of Science and Technology along with the Wuhan Institute and the Academy of Sciences in China. Their experimental goal was to coalesce the initial weaponised SARS virus; enhance it with gain of function properties and then coalesce it genetically to a HIV virus.

- This is no longer a pandemic of SARS COVID 2. This is a pandemic of variants.
- Why aren't our virologists telling us about recombination i.e. a vaccinated host can be infected by more than one variant at one time. There are over 100 variants already floating around across the globe. When a vaccinated person is infected by multiple variants, they mix and change the DNA and produce a super variant. And nothing can stop them. The latest variant is vaccine resistant.
- 22 nations have BSL4 (Biosafety Level 4) in their labs where they make deadly pathogens. 16 nations stockpile genetic bioweapons - there is a new arms race going on.
- The world first became aware of the existence of a genetic bioweapons industry through a book published in 1996 called *Emerging Viruses, AIDS & Ebola, Nature, Accident or Intentional?* by [REDACTED] He proved that AIDS and Ebola are manufactured viruses, engineered in a laboratory. His academic treatise has stood the test of time and has never been refuted.
- In 1997, former US Secretary of State William Cohen referred to the concept of an ethnic bioweapon as a possible risk. In 1998, some biological weapons experts considered such genetic weapons plausible. And you know when they say that, it means they have already produced it, stockpiled it and are waiting to use it.
- In 1998, research was being done on how certain substances can influence human genes. In 2008, the US government congressional committee sat on a panel labelled Genetics and Other Human Modification Technologies. The committee said that there are attempts to alter human genetics in ways that would horrify us.
- The pharmaceutical industry controls the WHO, the US legislature, medical research journals, scientific journals, medical schools, co-opted control of national governments, public health authorities, medical fraternity, media, business sector and the ecclesiastical leaders. The elites and ecclesiastics have decided to mass vaccinate the world. This is not real science. This is death science.

4. Quiet Weapons for Silent Wars – 'A Type of Biological Warfare'

Lastly, the **Quiet Weapons for Silent Wars** top secret programing manual, published in 1979, states: "The silent weapon is a type of biological warfare." [REDACTED]
