

I am requesting a full Royal Commission for a thorough and proper investigation into:

- **Why Australians were stripped of their right to Informed Consent**
- **Why upstanding Australians were discriminated against as if they were criminals in their own land**
- **Why Vaccine mandates were imposed on healthy people and consequently, decent Australians were subject to losing their jobs**
- **Why Unions did not back their members!!!!**
- **Vaccine procurement and vaccine contracts with big Pharma**
- **A proper independent analysis of all Data including All Cause Mortality**
- **Vaccine injuries - acknowledgement, support, apologies, financial compensation that is appropriate to the damage and loss**
- **Mask mandates and lockdowns**
- **Inaccurate government and media promotion regarding the ability of vaccines to block infection and transmission.**
- **The AHPRA lack of due diligence on safety, DNA contamination and interfering in the private Doctor/Patient relationship**
- **Why MRNA factories have been built in Australia and exposure of the money trail**
- **Why these dangerous gene therapies are being pushed on babies from 6 months**
