

Dear Senators and Federal MPs,

With regard to the COVID inquiry, what I would like to know from or for all politicians, directly or indirectly involved, to publicly divulge on all types of media Australia-wide, to all the people of Australia, are:

1. The unredacted contracts with Pfizer, Oxford (Astrazeneca), and Johnson and Johnson.
2. Who approved the vaccine order quantities per supplier or pharmaceutical company, the production dates per batch of each brand of vaccine, and the expiry dates per batch of each type of vaccines.
3. Who signed the aforementioned purchase orders / contracts, date, and all the other relevant contracts and documents attached to it. Relevant to this, publish the bank statements of the people who have approved the purchase orders of all the vaccine brands and publish all the gifts (cash and/or in kind) received by these people from pharmaceutical companies between the years 2019 to 2021.
4. Publish all necessary documents involving [REDACTED] including all her correspondence with [REDACTED] officials, and [REDACTED] officials between 2019 to 2021, with regard to the manufacturing or planning of the pandemic and the orders placed with [REDACTED] and [REDACTED], e.g. Event 201 held in December 2019.
5. Publish all the bank statements of [REDACTED] between 2019 to 2021 and all the gifts, cash or in kind, that she has received.
6. The transcript of the meeting between [REDACTED] and Prime Minister Albanese in January 2023

7. The disposal of unused and damaged vaccines per brand of vaccine, including dates, quantities, and the total cost of this wastage per state and territory.

8. A list of all the politicians and police officers, state and federal level, who have pushed for a treasonous move to restrict the freedom of speech, restrict the free movement of the people of Australia, and forced the COVID MRNA Gene Therapy injections on the people of Australia in the guise of a pandemic.

All the necessary and relevant documents, in order to conduct this inquiry must be in the true interest of the people of Australia, and not in the big government's view, understanding, and comprehension of public interest. All politicians and those people serving in the guise of "public service" or "national service" must understand that they are under the jurisdiction of the people of Australia.

The truth shall set the people of Australia free.

In honour and truth,

 one of the people of Australia
