Commonwealth Government Covid-19 Response Inquiry

Mostly the governmental responses to the alleged pandemic were criminal

Eg:

- banning ivermectin, banning hydroxychloroquine
- Hiding adverse events to the alleged vaccines data-we demand the true statistics be released and published in the public domain widely so as to not repeat the many malfeasances, both of public office holders, and by the vast majority of the medical community

Putting sick patients into nursing homes which on any measure is going to spread disease and kill the nursing home residents, is more criminal malfeasance

See below for an eg of the results:

RTV Utrecht in the Netherlands reported yesterday that 22 residents have died within the span of 1 week at St Elisabeth Nursing and Guest House in Amersfoort, following injections on January 30th of one of the mRNA experimental COVID "vaccines."

Hopes were high for the vaccine at the St Elisabeth Nursing and Guest House in Amersfoort. On January 30, the residents received their first shot.

But two weeks later the coronavirus raced through the nursing home. Today it was announced that 22 residents have already died in one week.

"With the start of vaccinations we had expected that the infections would decrease, but that did not happen and we are very upset about that," says board member Evelien Bongers to RTV Utrecht. "It is very intense. For the residents, for their families and loved ones and for our staff." (Source.)

This tragic story follows what is now a familiar pattern to readers of *Health Impact News*. Mass vaccination of the elderly in long-term care resident homes is followed closely with everyone being infected with COVID, followed by massive deaths. The deaths are then blamed on COVID, instead of the injections.

With this report out of the Netherlands, it is also revealed that these residents suffered from dementia and had other underlying conditions, so it is difficult to blame COVID for causing the deaths.

In the St Elisabeth Nursing and Guest House live elderly people with dementia. This is a very vulnerable group.

"These residents need nursing and care. If they become infected with the coronavirus, that can be just too much."

Precisely because there is underlying suffering, it is not possible to determine with certainty in every case whether the death is a direct result of the virus. “These elderly people died with corona, but not necessarily because of corona.” (Source.)

Did these seniors with dementia consent to be injected with an experimental shot? We know that in Germany and Spain, seniors with dementia are being vaccinated against their will. See:

This a stated goal of the eugenicists. Elimination of the weak, feeble, and elderly, for the purposes of population control.

The Globalist medical tyrants are committing murder and euthanasia as the world sits back and watches, choosing instead to believe the lie that a deadly virus is causing all of this. A virus that thousands of doctors around the world have claimed is not dangerous and 100% treatable with existing, older drugs, as well as natural remedies like Vitamin C, Vitamin D, Zinc, Virgin Coconut Oil, and others.

Also, giving even provisional approval to these experimental ‘gene therapy injections’, with so much data missing and health concerns unanswered, the government was negligent to allow this human experimentation with our treasured elderly folks-see excerpt below

Provisional approvals have been issued because there is **insufficient data available on the safety and efficacy** of these Vaccines to support full TGA approval (as is the case around the world where Emergency Use Authorisations, or similar, have been issued). At this stage the vaccine developers have two years to complete the comprehensive evaluations on the safety and efficacy of their vaccines. Pfizer has a further 11 studies to complete (TGA Pfizer Assessment Report) and AstraZeneca has a further 14 studies ongoing and planned (TGA AstraZeneca Assessment Report) in order to address the **outstanding safety concerns** which are broken down into the below categories by the TGA:

- Important identified risks 1. Anaphylaxis (Pfizer)
- Important potential risks: 2. Nervous system disorders, including immune-mediated neurological conditions (AstraZeneca)
- 3. Vaccine-associated enhanced disease (VAED), including vaccine associated enhanced respiratory disease (VAERD) (both Vaccines)
- 4. Anaphylaxis (AstraZeneca)
- Missing information 5. Use during pregnancy and while breastfeeding (both Vaccines)
- 6. Use in immunocompromised patients (both Vaccines)
- 7. Use in frail patients with co-morbidities (for example, chronic obstructive pulmonary disease (COPD), diabetes, chronic neurological disease, cardiovascular disorders) (both Vaccines)

8. Use in patients with autoimmune or inflammatory disorders (both Vaccines)
9. Interaction with other vaccines (both Vaccines)
10. Long-term safety (both Vaccines)
11. Use in elderly (> 65 years of age) (AstraZeneca)

Of particular concern for the elderly and frail is the “Missing Information” on the safety of the vaccines related to frail and elderly patients, including but not limited to points 6, 7 and 11. Also of note is the “Important Potential Risk” of vaccine-associated enhanced disease (VAED) (point 3) which has not been excluded as a potential side effect of these Vaccines (due to the lack of data available to date). VAED is also referred to as antibody dependent enhanced immunity (ADEI). This phenomenon is explained by the UK Medical Freedom Alliance in their letter date 23 Nov 2020:

Previous attempts to develop coronavirus and other vaccines e.g., RSV and dengue, have been hampered by the problem of ‘antibody dependent enhanced immunity’ (ADEI), which has led to severe illness and deaths in the animals and human subjects involved in the trials²⁸. This phenomenon only becomes apparent after vaccination, when the subject is exposed to wild virus at some point in the future. Worryingly, the Covid Vaccine trials have not been conducted in a way to exclude the possibility of this serious sequelae occurring months or years after vaccination.

- Breaches of the Commonwealth Constitution were quite common by the government and its agents, eg: civil conscription to get injected by governmental ‘mandate’ -YOU DON’T HAVE THE PRIVILEGE OF MANDATING THINGS< WE DO !!!!

Other examples:

- Restricting free travel between states,
- depriving people of oxygen (the pathetic ‘mask mandates’)

Allowing unauthorised police and other quasi officials to run rogue on the public as if they were authorised health officers when-especially early in the alleged pandemic phase -THEY WERE NOT.

- Treating the World Health Organisation as if it was some sort of credible health authority when CLEARLY IT IS NOT. More like a prostitute for a corrupt and inept drug cartel.
- AND the World Economic Forum-Medicine is to be about HEALTH, NOT business !!!!
: the commonwealth government of Australia (Norfolk Island) has fostered these private entities and treated them as if they had public good as their raison de’tre: IT IS NOT
- Accepting a redefinition of PANDEMIC from this corrupt organisation-THIS POINT ALONE MAKES MULTIPLE GOVERNMENT PARTIES CRIMINALLY COMPLICIT

Supporting, encouraging and taking money from eugenicists such as Kill -Bill Gates, who is a known people harmer-anyone with health credentials of any credibility knows of the incredible human toll of his ‘vaccine’ misadventures in India and Africa, at a minimum.

What’s this then???-see below

I'll just leave this here...

- --And whilst we are on the topic of money-who mandated YOU to hand five billion dollars to the corrupt Microsoft company, already spying into everyone's computers, who is getting booted out of credible nations for this sort of behaviour, and who is complicit with the criminal SCRUBBING of relevant information required for inquiries such as this in personal computers, MR ALBANESE????

Eg: The recent HACK and destruction of Dr Steve Kirsch's data-server in New Zealand

<https://www.facebook.com/100077481401966/videos/1971534386580034>

I request the Commonwealth Government covid 19 response inquiry have a look at the short video above in full, not only to verify the criminal censorship Microsoft and all its many sub-agent companies are carrying out-with YOUR GOVERNMENT's FIVE BILLION DOLLAR ASSISTANCE, but to also highlight-as enunciated by the aforementioned doctor, but also to illustrate quite clearly by the New Zealand example, how much of critical information of HARM spread by the promulgation of alleged vaccines (harm-agents) has been suppressed, and to which this inquiry should be properly addressing REFORM IN THE INTEREST OF THE PEOPLE!

So we are to become accustomed to the 'commonwealth government'-a rubbery entity at best - REWARDING CRIMINAL ENTERPRISES WITH TAXPAYER FUNDS ????

Or are you simply handing back some of the largesse handed to your predecessor Mr Albanese who had to meet the corrupt Gates person in our neighbouring New Zealand to take the covid-19 funds as he didn't have the STONES to do this exchange on Australian 'territory', although I am confident Norfolk Island (sic) could have pulled this off!!!

So of course, our demand is to tear the recent and indecent Microsoft Cloud contract/arrangement or whatever you may define it as-all FIVE BILLION Dollars of it, up! DO NOT HONOUR IT, refute it, it was not voted for by the people it affects! Not only is this unlawful it is immoral.

YOU ALSO KNOW THE HARMFUL HISTORY of many of the pharmaceutical allegedly companies tasked to create a 'vaccine' for the common cold-or what we know as the family of cold and influenza symptoms-coronaviruses.

ALL THEIR TESTING TRIAL RESULTS SHOULD BE PUBLISHED FULLY IN THE PUBLIC DOMAIN-the harms, the deaths, the adverse reactions, the dead animals tested upon, and so on. Also the bankruptcies and old and new trading names.

Tolerance of extreme misbehaviour by the states and territories you have exclusive jurisdiction of was criminally malfeasant by a federated national 'government'.

The mixed messages this sent to the populace was intolerable and this is NOT A CALL FOR STIFLING OVERREACH BY A SINGLE ENTITY. It is a complaint about the multitudinous 'lawyer's picnics'

the parlous 'state of governance' allowed.

Eg: How do you have 'health commander' and 'Chief Health Officers' WITHOUT MEDICAL QUALIFICATIONS ?? And where do these bogus titles even come from?

- Silencing real doctors and researchers when they contradicted the phoney dollars driven 'vaccinate at all cost' agenda, and threats via medical boards and so on SHOULD NOT BE REPEATED as many of these doctors, microbiologists and researchers are now vindicated

Eg: Remdesivir is mostly fatal to people with respiratory illness, and MIDAZOLAM is definitely a killer -you allowed EUTHANASIA on the elderly with these products
Also: INTUBATION is the more likely saving of life measure for severely ill respiratory patients, whereas BEING ATTACHED TO RESPIRATORS IS LIKELY FATAL!!

- Allowing lots of inflows of cruise ships and people from China when both were known as purveyed as the likely source of INFECTIVE AGENTS (of man-made biological weapons) all through the alleged pandemic's time period is criminally malfeasant

On so many levels so many governmental agencies and agents failed the people of Australia, yet appeased remote and unaccountable parties such as the World Health Organisation- which the Commonwealth Government-a nebulous entity at best-should thoroughly decouple from, and should also decouple from Microsoft and Bill Gates or any of his foundations, the unaccountable Federal Reserve Bank-revive the genuine treasury of this nation, because a bankrupt 'government' will resort to such desperate measures as to kill and collect from it's citizenry's rightful estates and we DEMAND a return to lawful parliament, lawful treasury administration, return of assets to the people and overturning of citizen (Roman) status, after all, THE BANKRUPTCY ENDED SOME DECADES AGO!
By adopting the above suggestions, and the spirit of them, a proper and lawful RESPECT FOR LIFE will be instituted which we state emphatically YOU ARE MANDATED TO HAVE.
