

We have had no paid income for us over 2 years now due to WA vaccine mandates. My wife was not allowed to work from [REDACTED]. She was dismissed by the WA Department [REDACTED] for not being vaccinated and not showing proof of vaccination 8 days before the mandates were lifted in June 2022.

We were coerced to leave the place of my wife's work [REDACTED] and return to [REDACTED] at our own expense (Covid Refugee). No payment of pro rata Long Service Leave.

We have been living off our assets since the 1 December 2021.

The Federal Government failed to protect its own citizens from the States mandates. Surely the Federal Government could use its powers under the Constitution to overrule the States. The Federal Government also failed to introduce anti-discrimination legislation. Attention is drawn to the failed COVID-19 Vaccination Status (Prevention of Discrimination) Bill 2022 and the Fair Work Amendment (Prohibiting COVID-19 Vaccine Discrimination) Bill 2023.

The Federal Government also failed to uphold individual right to medical self determination in violation of Article 7 of the ICCPR (International Covenant on Political and Civil Rights) and IHRL (International Human Rights Law). This was clearly the case with mandates put in place by the Federal Government for workers in particular sectors.

## Probable causal association between Australia's new regime of high all-cause mortality and its COVID-19 vaccine rollout.

His analysis of All Cause Mortality shows there was no pandemic up until the vaccines were rolled out. Then everything changed following the vaccine roll out. The data shows what really happened in Australia. All Cause Mortality from the ABS is one statistic Governments could not manipulate.

Meanwhile the real pandemics in Australia of obesity, diabetes and Vitamin D deficiency, resulting from poor Government health advice over the past 50 years, was further exasperated by the COVID-19 measures. I have not listened to Government health advice for many years. No way were we ever going to submit to a provisionally approved experimental gene therapy vaccine with no medium to long term safety data.

My Mother was in a Nursing home. Due to not being vaccinated against the Flu or COVID-19 myself or my wife were not allowed to visit her. In [REDACTED] we were advised she had contracted COVID-19. She had been vaccinated against COVID-19 at least 3 times. After one day her Doctor advised no prescription of anti-virals and straight to palliative care medications of morphine and midazolam. She passed away five days later, given no chance to recover and struggling to breath. Her death certificate cause of death was COVID-19 (6 days), Contributory cause [REDACTED] This death certificate is a fraud, [REDACTED] During the COVID-19 years midazolam use skyrocketed.

Thankyou.
