

Covid Submission 15-12-2023 (E&O.E) TMA. 3 pages means I cannot explain all ands will o my best. This need 6 months open time for submission and many public forums and question times..

I am business person who has exported more than [REDACTED] from Australia to many countries . Covid solutions and all associated with have massively damaged the economy and worse HARMED SO MANY PEOPLE WHO WILL NEVER BE THE SAME AND NOR THEIR IMMUNE SYSTEMS. **Are these weakened immune systems the reasons for excess deaths, cancer increase + more. We see covid vaccinated people getting covid, some multiple times. colds. Was natural immunity superior as studies state, and the inoculations aw aster of time? Cure worse than disease?**

I find the 4-week period for this submission to be a total affront and show massive disrespect to the whole nation. **Especially when contrasted with the massive amount the government spent on the Voice REFERENDUM, maybe the 43% of those voted yes may not in the end be happy with this?** The 3-page limit restricts the depth. of information that can be provided. The same with out 28-day petition time, unlike the UK 6 months which have stopped large number of Australian knowing or participating in petition. Plus, the numerous time people say they have the system reporting faults and to come back later. So many of these are covid and health related petitions.

Frankly the handling of Covid and the solutions have resulted in massive harm to people and the economy. Let's start with Greg Hunt our former health Minister who said we will have full transparency, that turned out to be untrue. That means the nation did not get Informed Consent.

Maybe former minister Hunt needs to be investigated and maybe prosecuted for failure to adhere to his commitment, and all in the government after him who have not adhered to this strong commitment given to the Australian people. This led to many people who now regret taking the covid vaccines that are gene therapies, and are harmed. Can the new federal NACC and everyone else who can be involved start mass investigates now. From the NACC how many have breached the public trust, mused information, not adhering to his declaration to the Australian people, and all other who did the same. State CC's, DPP's have also seemed to do little. Maybe nationwide all government employees right down to local levels need to read their own code of codes in their employment contracts and that say they have to report all misconduct , corruption or wrong doing. Maybe a lot of reporting is mandatory in our states too and these contracts. In the very limited space, I have will highlight areas where, we have had some very massive problems. I will highlight problems with the W.H.O ., Gain of function, Masks lockdowns, older vaccine misinformation creating false trust, basics ignored mainly Vitamin D, immune system damage. Media control

W.H.O.

Australia should EXIT the WHO (world health organisation) who is the supposed peak body in the world has been derelict in its duty to all mankind maybe since the start of the WHO and guiding training and teaching or generations of health people who have thus give the whole world poor outcomes. Its 84% pharma funded. **Our TGA 96%** <https://www.bmj.com/content/bmj/377/bmj.o1538.full.pdf>, **do the NACC and federal police need to start here, and now with the TGA. Do we add AHPRA. Atagi. OGTR and so much more too.)** WHI very focused on vaccines and see little else. It looks like it supports the pharma funders, and not mankind. That have focused on Pharma and ignored basics. some of those could have had staggering effects. Its begs the question was if ever there or health. [REDACTED] also has strong Marxist tendencies and has this a type of mind set affected it from day 1. The Who looks like it was contracted for this agenda of control and not for health

The WHO IHR and CA+ change will be used d to implement rigid social control , if used to force people into digital ID banking, social credit systems and more.. it will become a tool many orders of magnitude greater than the [REDACTED] So many people have brought this up, yet our Australian government support this. <https://australiaexitstheWHO.com/> , www.stopthewho.com , www.exitthewho.com , <https://thelightaustralia.com/> Uncensored News issue 7 (front page [REDACTED]). 2 concerning videos. **The government is handing over our boldly autonomy which it thinks it must own to the who in very secret and silent process The Human Rights commission need to investigate this form a slavery viewpoint, our boldly autonomy and right to our body is being transferred, who owns us?. That's process must breach many statues, even Fairwork.**

The WHO in 2009 removed death as severity as indicator of pandemic and opened the way for the use of the PCR, which is Nobel prize winner inventor said it should never be used as test for a disease. We used 30-45 cycles and it was never meant to be used with more than more than 10-15 due to errors and false positives. Massive incompetence ,negligence and corruption here on its use. Please see the following links, including the major channels with expert testimony by the Corona committee

IF DEATH WAS STILL USED AS INDICATOR AND NO PCR, would the Covid disease even be declared a pandemic, Do the WHO's actions make it possible. In 2007 the PCR caused a false endemic in the USA, how incompetent here and world were people in choosing to sue this tool. All should be prosecuted who endured this here in Australia

Not our ABC and put on iView. <https://rumble.com/c/TheCoronaInvestigativeCommitteeGrandJury> A n 8-day public grand Jury style haring to assist people to form legal action in their own country. With expert testimony, also investigating crimes against humanity issues. <https://odysee.com/@Corona-Investigative-Committee:5> 183 video of testimony Many of medical experts. I have seen 20-30 of this over time and they are shocking. We got no transparency of informed consent.

Our ABC & SBS (public networks) failed the Australian Nation in not giving unbiased views and full information. , and need full inventoried by police ats ate and federal levels, The NACC, all states CCC's and DPP's need to investigate these networks for breach of duty to inform us in unbiased manner. information I see had been reported juts by our taxpayer funded bodes I think there would have been little taken. The government has shown more betrayal by not showing the 23000 ACMA submissions to the public. Where was so much of the tip of the iceberg in just my 3 pages on the ABC&SBS Contracts

The fact that Labor and the Greens used legislation blocked us e seeing the contracts with the vaccines companies is a betrayal to the Australian people. Some have been disclosed from other countries and if ours are similar this is betrayal our nation. Can the NACC look into the negligence of the people in signing these, even people who look after national security, is their signing them a corrupt action? Can the NACC access all behind the discussions.

Masks.

Even in 2020 I saw data showing that mask did not even work well in operating. In an hour you could find hundreds of negative reports. Probably many before 2020. So how come health and government did not to their job.

Should the people who forced these onto people be charged with negligence and grievous bodily harm. If people want to use them again, they should be investigated and also charged with corruption. Truly this is like an assault and need to be treated accordingly. They have no positive scientific basis and all government people from federal level to local levels need to be prosecuted for lack of due diligence or whatever legal infringement is possible, they did such a poor job. Never to be used again. If this is an indicator of our health system ability, it failed

Lockdowns

June 2020 this public health experts had enough evidence lockdowns were harmful, how come our system did not. They should never be used again. We need prosecutions over the ones done and instant charges filed any new. I heard this in July 2020. <https://www.youtube.com/watch?v=biC4nHPYtbA&t=316s> So many other have said they failed too.

(new talk , shows how little due diligence was used).

IF OUR HEALTH SYSTEM AND THE WHO miss this basic nutrient D3 as example and its massive efficacy how can we trust them on anything. Has mankind been sidelined for pharma profits and maybe other agenda's at the expense of people lives and its quality. *The past created negligence, corruption and abuses, it brought us to now and the mega disaster we have. Has the lowest cost best preventative health item maybe for all time been ignored for covid and so much more. Its improper use and suppression has it led to massive number dying earlier than need be?*

Vitamin D as example of health failure on basics from pre-WW2 and the start of the WHO in 1948. The total poor training and some would say misguiding of generations of health. What we see here can apply to many basics. Data in the Substack on the subjects. In the Substack data source are shown and calculation methods. The main thrust is that this is in a zone that shows massive problems. They are based on death reduction being directly proportional to incidence reduction. A logical first assumption.

From the W.H.O down to local health people don't know this efficacy it seems that medical board, regulators need to stand down and be replaced as they have failed massively in their roles. They seem to want to GAG anyone who speaks out against Pharma. Is this an example of massive malpractice where does this put medical insurance companies and their liability. The gaggers against "basics" are responsible for all the harm that occurred from their actions.

<https://freespeechisfreedom.substack.com/p/the-who-and-the-suppression-of-basics> Part 1

1 cancer (breast), Australian death data over 30 years extrapolated worldwide over 30 years, did 15 million people die earlier than need be? . Breast cancer incidence down 83% at 60 ng/ml 05r 150 nmol/l How do you go and tell all the caring, compassionate people who wear pink and raise money how a simple nutrient could have saved so many and our system did not use it. Seems logical that death rate and incidence are directly proportional.

<https://freespeechisfreedom.substack.com/p/vitamin-d-part-2-the-who-and-the>

2 cancers (breast and colon cancer) and heart disease over 30 years, did 99-124 million people die earlier than need be?

<https://freespeechisfreedom.substack.com/p/vitamin-d-part-3-the-who-and-the>

At this level of vitamin D, over 30 years did 237 million people die earlier than need be? 59 million x 30 years x 16%

<https://freespeechisfreedom.substack.com/p/vitamin-d-part-4-the-who-and-the>

The use and suppression of Vitamin D pre-WW2, given the effects in the first 3 parts, if it had been used properly since WW2, would maybe > 500 million people die earlier than need be?

<https://freespeechisfreedom.substack.com/p/vitamin-d-part-5-the-who-and-the> If all we have to do was raise of Vitamin D

levels to at least the natural levels of those at the equator/tropics? Over 15+ major diseases shown, how can this be ignored by health system. These graphs are hard data. Newsletter & data sources shown. We really have massive problems? <https://jeffbowles.com/vitamin-d3-deficiency-causes-most-human-disease/>. How many people died earlier than need be? This is one basic and do we have whole health industry not very aware of this data.

<https://qr.page/g/2sBt7xALSS9> Vitamin D pre-WW2. Hidden history or suppressed, did this put public and world health almost back a century? Last 12 pages of Jeff Bowles book with his references.

The above has been referred to as it shows gross problems in our health system, if our D levels had been up around 150 nmol/l or 60 ng/ml Covid would have zero effect and we would not have needed the Gene therapies or older vaccines. s, OUR IMMUNE SYSTEM WOULD HAVE BEEN SO STRONG. Is this a smoking gun of massive proportion about covid but all the way back to 1920. **Could Covid have happened if Vitamin D has not been suppressed. Could pharma have even grown without poor teaching to health people. How much malpractice & corruption does this reality open up.**

wrote to every state and federal politician on Vitamin D and many in the media. He also encouraged a campaign to raise D levels in old aged home. I have seen interview son this Based on above and below it seems not listening to this experienced medical and nutraceutical person has resulted in a lot of harm. Here he is in 1988 with Aids, how has own nation been duped by pharma indoctrinated trained people and their money and how great is the human cost.

Revision 3 month alter and idea of bolus dose on the flu would work on covid. This show massive incompetence on the basics from our health system. **No remdesivir needed (we need negligence investigations and maybe more serious charge laid over its use, Craig Kelly has listed so much <https://t.me/craigkelly>). U** Utterly massive hole in how all our doctors are taught. Bolus doses work on the flu and as covid was respiratory logic says it would do the same on covid
