

From March 2020 – June 2023

The Governments handling of the Pandemic was atrocious. [REDACTED] I provide the following reasons to substantiate this.

I lived in Melbourne VIC with my family under [REDACTED] Dan Andrews, Labor Government who incited [REDACTED] towards the people by [REDACTED] the Police and Military.

My [REDACTED] and I attended various peaceful protests in [REDACTED] CBD and other areas during which time I witnessed Police/Military being instructed to:

1. Shoot peaceful protesters with rubber bullets
2. Intimidate and harass public citizens taking a walk without masks even though they were social distancing
3. Road-block major highways and motorways to restrict travel and movement during the pandemic
4. Kettle, pepper spray and arrest peaceful protesters in forceful manner
5. Military knocked on my door to check if my [REDACTED] were isolating in my home
6. Turn Victoria into a Totalitarian State.

Other incidents I witnessed in VIC during the [REDACTED] included:

- Medical apartheid – Vaccinated VS Unvaccinated
- Unvaccinated labelled as Conspiracy Theorists by [REDACTED] Dan Andrews publicly during conferences
- Unvaccinated prohibited from entering restaurants, movies, medical centres, public places without showing a valid vaccination cert.
- Businesses brought to their knees and closed their doors permanently due to unnecessary extended lockdowns implemented by [REDACTED] Dan Andrews.
- Social Media Censorship / Shadow banning – profiles, comments and posts removed/deleted. Fake accounts and Bots deployed to shut down discussion/opinions.
- People being arrested for exercising their right to freedom of speech.
- Novak Djokovic held in a hotel and banned from playing the Australian Open. Poor immigration system who tried to embarrass an unvaccinated elite athlete. That backfired!

The Federal and State Governments, Minister Gallagher, TGA, APRHA & ATAGI must be held responsible for their role in this [REDACTED] also:

1. They all advocated for People to take a Covid Vaccine that is safe and effective as publicly announced through various media channels. This is NOT true it is a lie – the vaccinated suffer the most infections.
2. The TGA, APRHA and ATAGI maintained their lies that the Covid Vaccine will stop infection and transmission – this did not happen even after jab #4 or #5.
3. APRHA forced Medical Professionals to push the vaccine onto their patients in the name of Public Health. They silenced, interrogated, cancelled and deregistered Medical Professionals who did not advocate for the Covid Vaccine based on their patients histopathology and other medical conditions.
4. The ingredients and potential side effects of the vaccines were not allowed to be openly discussed between Medical Professionals and patients nor was this information made available to any patients.
5. Big Pharma Manufacturers were given indemnity for any vaccine injuries – this was not disclosed to the people of Australia.
6. The slogan in Victoria was “Keep your family safe”, “Keep your grandparents safe”, “Keep your community safe” what a load of [REDACTED]
7. When questioned on the efficacy of the vaccine Minister Gallagher and other Bureaucrats refer to the “Commercial in Confidence” Contract with Big Pharma therefore do not answer any questions with clarity or certainty.

The People of Australia want these Bureaucrats held to account, trialled and imprisoned for their complicit involvement with harming the Australian People for Profit. These Bureaucrats are answerable to the People of Australia, our taxpayer funds pay their wages! If they cannot answer these questions then they should have their wages reduced to NIL while they are held on Trial for CRIMES AGAINST HUMANITY. All the Premiers who resigned during and after this [REDACTED] must return for Trial and prison sentences also.

The people of Australia want a Royal Commission for a proper investigation into; corrupt vaccine procurement and secret contracts; mask mandates; lock downs; vaccine mandates, official misinformation and lies in the media regarding the ability of vaccines to block transmission/infection, vaccine injuries; media censorship, silencing of doctors, the role of AHPRA and ATAGI in censorship and oppression of doctors, and the poor treatment of vaccine injured victims. The role of the Federal and State Governments, TGA and Health Ministers in advocating for a Trial Vaccine that indemnifies the manufacturers.
