

Covid-19 vaccine mandates violate the principle of bodily autonomy – “My body, my choice”.

People lost their jobs/livelihoods for refusing to submit to a medical procedure which was neither safe nor effective, despite false promises.

Western Australian Vaccine Safety Surveillance – Annual Report 2021 determined that Covid-19 vaccines produced 24 times the rate of adverse reactions compared with other vaccines...

Covid-19 vaccines - 264.1 AEFI per 100,000 doses

Non-Covid-19 vaccines – 11.1 AEFI per 100,000 doses

$264.1/11.1 = 23.8$

i.e. Healthy young people were forcibly subjected to a 24-fold increased risk of adverse reaction to “protect” them from a disease for which the [median age of mortality was 83.7-years-old](#), with 2.7 co-morbidities!

Furthermore, a peer-reviewed study of 51,017 health care workers in Ohio found that ***"the higher the number of vaccines previously received, [the higher the risk of contracting Covid-19](#)"***.

Any inquiry which fails to address Covid-19 vaccine mandates is a farce.
