

As an elector and Australian born citizen, I demand that a royal commission be held to address the following issues.

- * corrupt vaccine procurement
- * secret contracts with vaccine companies
- * mask mandates
- * lockdowns
- * vaccine mandates
- * official misinformation and lies in the media regarding the ability of vaccines to block transmission
- * vaccine injuries
- * media censorship
- * silencing of doctors
- * the roll of AHPRA and ATAGI in censorship and oppression of doctors
- * the poor treatment of victims

To build a relationship of trust with the Australian public these matters need to be addressed with a Royal Commission as soon as possible.
