

I am horrified at the response of the Commonwealth Government to COVID. We need an urgent enquiry into the Commonwealth governments COVID policies including :

1.Vaccine procurement and secret vaccine contracts

2.Mandates (which are within the Commonwealth terms of reference as (1) the Commonwealth mandated jabs for aged care. (2) the Commonwealth enabled jab mandates with their data sharing arrangements with the states and vaccination databases, and (3) the Commonwealth failed to act to protect Australians human rights from the States and private businesses abuse and coercion.

3.Vaccine injuries

4.Mask mandates and lockdowns

5.Government misinformation in the media regarding the ability of vaccines to block infection and transmission (the government later admitted the Covid jabs never blocked the transmission or infection from Covid) along with denial of vaccine injuries and gaslighting of the injured

6. National border closures

7. The AHPRA lack of due diligence on safety, their silence on undeniable harm of the vaccine and their action along with ATAGI to silence the Medical Profession.

We need a full Royal Commission and proper investigation into these issues and not the Covid enquiry whitewash that is being proposed.

Yours sincerely,

Kate Murray
