

To: The Committee
COVID-19 Response Inquiry
14 December 2023

Submission to COVID-19 Response Inquiry

My submission focuses on the role of government (Federal and State) and those ministers, various politicians and health spokespersons who claimed that the EXPERIMENTAL gene therapy products produced by Pfizer and Moderna (in particular) were “*Safe and Effective*” when they were not. Many of those ‘jabbed’ have suffered debilitating health impacts including DEATH. Many of these deaths have been kept hidden from being published.

The then Health Minister [REDACTED] stated in the media that “*The world is in the largest vaccine trial ever*”, and he also **denied there had been any deaths from COVID** — <https://rumble.com/v1r1wq8-australian-health-minister-greg-hunt-claiming-that-no-one-died-of-covid-19-.html>

Request to the Committee

Throughout the so-called ‘pandemic’ the list below identifies certain features of government mismanagement or practices that indicate these bodies have been run by either ‘corrupt’ or incompetent people.

- Mask mandates when [scientific evidence proves masks are ineffective](#) to reduce the spread of COVID.
- The [malicious use of enforced Lock-downs](#)
- [Lock-downs caused mental problems](#) throughout the community
- Vaccine mandates broke many laws – [Nuremburg](#) and our [Constitution Section 51 s.XXXIII \(A\)](#)
- Official misinformation — [particularly from the TGA](#)
- [Media censorship of well credentialed doctors](#) who opposed the government’s narrative
- Vaccine injuries—[many of which were hidden from public view](#)
- The [de-registration of doctors who expressed opposition to the vaccines](#)
- The role of AHPRA and ATAGI in [censorship and oppression of doctors](#)
- The [poor treatment of vaccine victims who lost their health](#); causing their ability to work and live normally.

Ordinary Australians affected by the COVID jab do not want an parliamentary inquiry run by politicians that becomes a whitewash—meaning, nothing to see here!

To avoid this happening;

I DEMAND THAT A ROYAL COMMISSION BE ESTABLISHED TO INVESTIGATE ALL ASPECTS RELATED TO THE ABOVE BULLET-LISTED POINTS.

Thank you.

Alan Manson

This 5 minute video sums up a number of the bullet points above.
