

## SUBMISSION PERTAINING TO THE

### Call for submissions and evidence to the COVID-19 Response Inquiry.

Date 11/12/2023

#### Introduction.

I hold three degrees in Education and I read widely, therefore I consider that I can make a sound contribution to this inquiry.

Please find the following information for your perusal.

1. There was a world-wide, highly coordinated, blanket of fear narrative implemented across all MSM, including: [REDACTED] all orchestrated from behind the scenes by the [REDACTED], UN and WHO through the near total control of governments, media and health systems across the globe.
2. Greg Hunt [REDACTED] was the Health Minister alongside then PM Morrison, [REDACTED]
3. As this experimental mRNA injection was not under the classification of a vaccine, the definition of vaccine was changed to accommodate this mass-produced mRNA experimental injection.
4. Who benefited from the financial side of procuring the Covid-19 injections? The Australian Government supplied the funding for the 3 different batches of Covid-19 injections, this was replicated worldwide, paying the Big Pharma and producing billions of \$ profit for Pfizer, Moderna, Astra-Zeneca etc. Taxpayer's money, a huge transfer of wealth from our Australian Government to Big Pharma. These huge pharmaceuticals were given total legal protection from any claims against them. [Alarm bells ringing loudly here.] Why? When? How and by Whom?
5. Now there are huge side-effects from some of the Covid-19 batches being reported. Mainly myocarditis, pericarditis, blood clots, sudden deaths, physical and mental disorders, mass psychosis (for further confusion, control and chaos) involving huge demands on hospitals, doctors, naturopaths, homeopaths chemists and therefore who benefits? Big pharma now has further, substantial financial gains/ profits from the harm caused by these experimental injections so widely enforced by our government here in Australia. {Experts: [REDACTED]}
6. I have personally experienced and observed the devastation caused to relatives and friends who trusted the narrative of the 'vaccine being safe and effective.'
7. If this vaccine was safe and effective, how does this equate with so many people having so called Covid flu after the injection? If masks were effective or social distancing needed in every bank, supermarket etc., why did the chart/graphs show that the deaths and harm were after the vaccine was administered NOT from the (Covid) flu. The spike proteins produced by this mRNA injection is attacking different organs in people. Is that why MP's and hierarchy were exempt and the [REDACTED] [REDACTED] sending only certain batches to their employees?
8. The total control of the MSM, health professionals, governments, bureaucrats, in many parts of the globe, using puppets, (useful idiots) who all appear to want to appease the Globalists are the problem. The huge depth and width of the web is staggering, but their success, only if facilitating the parasitic game of large corporations and narcissistic members of the Globalist cabal continues.
9. Australians were taken advantage of, for their trust in the health system and of the governments **we pay to protect and represent us**. The gigantic list of changes to our original Commonwealth of Australia and the current system explains all behind the curtain now being exposed.

10. We don't need to wonder what the problems are anymore, the UN agenda 21 and UN Agenda 30 tells all. The [REDACTED] boasts of their infiltration and their plans for humanity.

Our findings demonstrate that the COVID-19 vaccine mRNA is not confined to the injection site but spreads systemically and is packaged into BM EVs.

Moderna has a patent that acknowledges RNA is preferable to DNA in vaccines due to risks of insertional mutagenesis, which might **activate oncogenes** or **inhibit tumor suppressor genes**, Dr.

[@RWMaloneMD](#) explained. A new study up for peer review has found **billions** of residual DNA fragments in COVID-19 mRNA vaccine vials. In other words, the vials are contaminated with DNA. These findings were not disclosed to the public. • Additionally, Pfizer, in their documentation to regulatory bodies, omitted information about the presence of **SV40** sequences in their vaccine. • As such, the COVID shots, contaminated with DNA fragments, can cause anything associated with DNA damage — birth defects and cancers being the notable ones.

A report quietly published by the UK Government department known as the Office for National Statistics (ONS) shockingly reveals people aged 18 to 49 who have received four doses of the COVID-19 vaccine are up to 318% more likely to die of any cause than unvaccinated people aged 18 to 49.
